

Cutting Tools

REMOTE HCR SERIES

6-13 Ton
10,000 psi

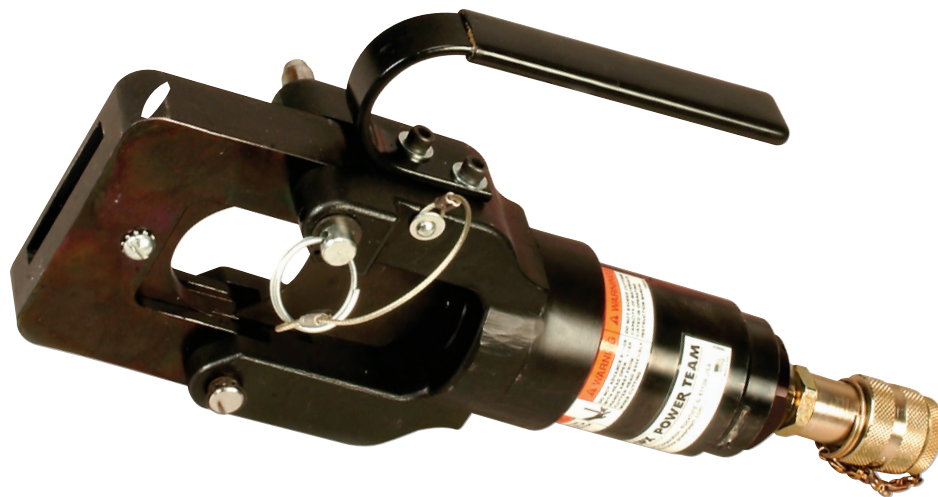

Applications up to 3/4" diameter. 13-HCR series designed for expanded cutting capabilities up to 2" in diameter.

REMOTE CUTTING TOOLS FOR CABLE, WIRE AND BAR

- Compact, lightweight design for reaching tight places
- Hinged flip-top head
- Easy blade replacement
- Pressure matched quick-coupler supplied
- With Carrying Case

The 6-HCR Series Hydraulic Remote Cutting Tool is lightweight and compact, making it the perfect cutter for applications up to 3/4" diameter. The 13-HCR Series Remote Hydraulic Cutting Tool is designed for expanded cutting capabilities up to 2" in diameter. The insert type cutter blades, top stationary blade and bottom advance blade can easily be replaced in the field with only a 1/4" blade screwdriver.

HYDRAULIC TOOLS
